### ENDEAVOR MASS MEETING. St. Louis Union's Services at Second Baptist Church.

The St. Louis Christian Endeavor Union will hold its spring mass meeting this evening at the Second Buntlet Church, corne of Beaumont and Locust streets. The programme for the occusion is as follows:

Mr. R. O. Belt will conduct the opening praise service, and the devotional exercises will be conducted by the Reverend J. H. Gauss. "Words of Welcome" will be speken by the Reverend Doctor W. W. Boyd, paster of the Second Baptist Church. The "roll call and balloting" will take place at \$20, and this will be followed by the ad-820, and this will be followed by the address of the evening by the Reverend Doctor W. M. Jones, pastor of Hyde Park Congregational Church, on "What Will the Ideal Society Do for Its Own Church?" Mrs. Bonsack will sing a solo, which will be followed by a symposium on "What Will the Ideal Society Do for Causes Outside Its Own Church?" This will be discussed by C. W. Logan, Miss Ruth Parker and W. E. Wagner.

At the close of the discussion two banners will be awarded, one of which is entirely new. The Oak Hill Presbyteriah Society now holds the union banner for attendance, and it will make an effort to retain it. It is understood, however, that other societies are planning to capture it, if possible. The programme will close by the announcement of the officers-elect for the ensuing year.

WARM HIGH STRATUM OF AIR. Report on Results Obtained From

Ascents of 258 Balloons. Berlin, May 22.-Teeserrence De D. Bort of Paris has submitted the results obtained from the ascents of 258 balloons, when al titudes of 11,000 meters or more were attained, to the international Aeronautical

tained, to the international Aeronautical Commission.

The thermometrical apparatus employed in these ascents recorded the presence of a warmer atmosphere about 10,000 meters, having well defined boundaries.

Frivy Councilor Assman of Berlin has confirmed this statement made by M. De Bort. The former sent up rabber balloons to an altitude of 19,200 meters, which traversed a warm atmospheric belt between the heights of 11,000 and 12,000 meters.

Count Palazzo of Rome, of the Italian division of the commission, announced that Italy will join in the commission's investigations of atmospheric conditions and said that the Italian Government is erecting an observatory for this purpose on top of Monte Rosa, in the Pennino Alps, altitude, 15,200 feet.

Count Palazzo also said that this observatory will be used for experiments in the matter of curing tuberculosis by high altitudes.

Had Attached Political Significance to Visit of Commission.

Rome, May 22—Doubt is felt in Vatican circles as to whether the Pope, after all, will give an official reception to the Taft Commission. Official notification of the arrival of the commission here at the end of May now has been received at the United States Emhassy and has caused disappointment at the Vatican, as it specifically eliminates all the political aspects sought dark brown hair and mustache.

Is not a simple rash or eruption, neither is it pro-

duced by animal or vege table parasites, but is dus to the retention in the system of Uric Acid or other inflammatory poiscas which find their way into the blood, and are forced by the circulation through the glands and pores of the skin, causing it to burn like fire, and the incessant itching allows no rest night or day. Eczema appears in a great many different forms, beginning frequently as a mere reduces of the skin, followed by little blisters, pustules or pimples, from which a clear or straw colored matter oozes, forming into sores, scales or scabs; this is weeping Eczema, commonly called Salt Rheum.

These acid poisons sometimes dry up the natural oils and the skin becomes hard and dry, often cracking and bleeding and causing intense pain and fearful itching. This form of Eczema is known as Tetter, TETTER and oftenest attacks the hands and feet. Unsightly eruptions in the shape of pimples and blackheads break out upon the face, neck and shoulders as a result of polluted blood, and this humiliating, stubborn disease is called Acne. Local remedies afford but scant relief. The blood and system are saturated with

AGNE the poison, and the disease cannot be reached with washes, salves, powders or any local application to the affected parts. S. S. S. restores the deteriorated blood to its normal condition, stimulates the sluggish organs, and all the waste matter is eliminated through the proper channels. S. S. S. makes the blood rich and strong, and under its tonic and invigorating effects the general

health improves, the congested glands and pores are opened, and the skin becomes soft and smooth again. S. S. S. is guaranteed purely vegetable. Write us if you need medical advice; this will cost you nothing. Illustrated book on skin diseases sent free. THE SWIFT SPECIFIC CO., Atlanta. Ba.
